## ← Product Launch Post

Writing

Craft engaging product launch announcements that build excitement and drive conversions. Perfect for SaaS launches, feature releases, and major updates.

### TEMPLATE STRUCTURE

#### Blog Post Writer

Create engaging blog posts with optimization and clear structure

Writing

Preview

#### Social Media Post

Craft engaging social media content with hooks and clear call-to-action

Marketing

Preview

#### Hook:

Start with an attention-grabbing statement about the problem your product solves

#### Product Introduction:

Introduce your product name and its core value proposition in one sentence

#### Key Features (3-5 bullets):

- Highlight the most important features with clear benefits
- Focus on outcomes, not just functionalities
- Use action-oriented language

#### Call to Action:

End with a clear next step - Try now, Learn more, or Sign up

### EXAMPLE OUTPUT

*"Tired of scattered feedback? Introducing FeedbackHub - Your all-in-one customer feedback platform. Collect, analyze, and act on insights in real-time..."*

Make something really impressive for me. Just come up with the content yourself. Not too hard, not too simple. Just make sure it's something I'll be satisfied with.

ResetGenerate Prompt

## Prompt Preview

You are a creative writing expert. Your task is to help me craft a compelling short story based on the following scenario:

A character discovers they have the ability to see one minute into the future, but only when they close their eyes.

### Requirements:

- Tone should be friendly and engaging
- Target length: 500-800 words
- Include vivid sensory details and emotional depth
- End with an unexpected but satisfying twist

## Quality Evaluation

Clarity

Completeness

Consistency

## Suggestions

- Clarify task outcome and evaluation criteria
- Add specific constraints or domain requirements
- Align tone with target audience expectations
- Include 1-2 examples to guide AI output
